

CONTROL BOARD FOR HYDRAULIC OPERATOR

SLIDE PRO
Control Board for
LEPUS series

2300A110SU

Supply voltage	115 Vac \pm 5%
Control accessories regulation	24V dc Max 500 mA
Trimmer regulation:	open pause time - brake
Logics selection:	automatic - semiautomatic
Visual chek control:	LED on all entrances
Removable terminal board	
Pin header connector	
Anti-crush reversal device	

SWING PRO
Control Board
for swing gates

2302A110

Supply voltage	115 Vac \pm 5%
Control accessories voltage	24V dc Max 800 mA
Trimmer regulation:	motor run - open pause time - leaf delay in closing
Logics selection:	automatic - semiautomatic - safety - dead man
Autotest:	chek entrance and exit by LED
Removable terminal board:	entrance and exit
Pin header connector:	radio receiver - photocells - additional card

SWING STD
Control Board
for Mini Tank

2302B110

Supply voltage	115 Vac \pm 5%
Control accessories voltage	24V dc Max 300 mA
Trimmer regulation:	motor run - opening pause time - leaf delay in closing
Logics selection:	automatic - semiautomatic
Pin header connector:	radio receiver - photoells

SLIDE STD
Control Board
for Orion series

2300B110SU

Supply voltage	115 Vac \pm 5%
Control accessories voltage	24V dc Max 500 mA
Trimmer regulation:	open pause time - brake
Logics selection:	automatic - semiautomatic
Visual chek interface:	LED on all entrances
Removable terminal board	
Pin header connector	
Anti-crush reversal device	

Control Board
For VELA INDUSTRIAL **2301B110**

Supply voltage	115 Vac \pm 5%
Control accessories voltage	24V dc Max 300 mA
Trimmer regulation:	slowdown times -open pause time
Logics selection:	automatic - semiautomatic - dead man
Pin header connector:	radio receiver - photocells

PRE-WIRED ELECTRONI
CONTROL BOARD FOR
SWING GATES
