

STAR 400 / 800

Emergency Power Supply

BATTERY NOT INCLUDED

Capacity 400 W to be used whit 2 batteries 18 Ah

Capacity 800 W to be used whit 2 batteries 33 Ah

*Plastic box
dimensions :h 13.5x13.9x5.3 inches*

SPECIFICATIONS	STAR 400/800 - 115V
Using rate capacity	800 VA (\leq 1000W)
Transfer time	4 - 6 ms
Battery type	(400VA - 18Ah x 2) - (800VA - 36Ah x 2)
Motor type motor scope	400 VA \leq 500W 800 VA \leq 1000W
Charging current	1 Amp
Voltage range	85 ~ 135 Vac

- ▶ DC Battery back up - up
- ▶ Protects the electronic unit from sudden net voltage variations (up to 187V)
- ▶ Integrated fan cooling system
- ▶ On request available with metal box and batteries
- ▶ Eliminates temporary events on the supply net thanks to active capacitive input filters
- ▶ Possibility to add external batteries KIT BAT 7 (7 Ah)
- ▶ Built in card to manage battery level for ultimate cycle
- ▶ Electronic device for assistance in case of power failure in the gate installation and allows you to open/close your door even when the power is out.
